

## Toufee Power Account

With the Power account, get more out of the Toufee's Movie Maker. Not only you can show your Toufee movies to everyone at YouTube™ but also you can add videos to your movies and save your movies as a standalone SWF.

## YouTube™ Support

With your Power account you can now export your Toufee movies as videos to YouTube™ directly. That too, from right inside your Toufee movie maker. No Software or downloads needed.

Reach out to a whole new group of audience. Creating movies for YouTube™ has never been this easy.

## More Publishing Options

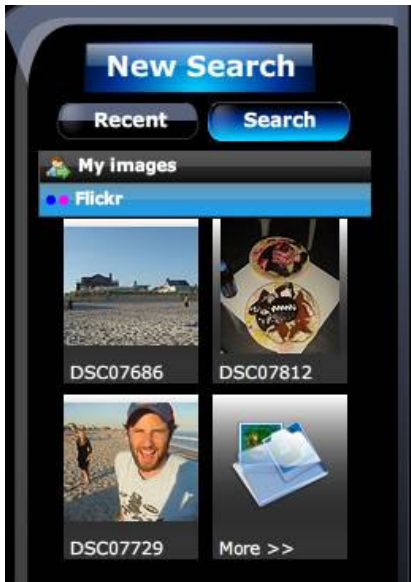

You can also choose to download your movies as a compiled SWF or Export Frames of your movies as Images.

*Continued on second page...*

## Media Sharing

Search directly through Free and stock images using integrated media sharing. You can access your images and videos directly from popular site like Flickr™, Google™, YouTube™, Metacafe™, etc to use in your Flash Movies.

## Playback customization

Take control of how your movie looks with different player skins.
